## BUSINESS EXPERIENCE

- 2020-2021 FOSUN EURASIA CAPITAL, Moscow**  
Investment subsidiary of Fosun International  
**Investment research off-cycle analyst (6 months)**
- Directly supported head of research to initiate coverage of new public corporate debt portfolio of 100+ companies (EMEA, LatAm, Asia) assumed by Moscow office with IG and HY mandates
  - Conducted in-depth company analysis including market research, financial modelling (energy and metals) and relative valuation to find attractive investment cases
  - Successfully pitched 3 new investment ideas to MD and PM on IC for €650 mln AUM public debt portfolio
  - Assisted MD in preparation of a successful EM investment strategy case for head office – by researching historical macro and financial data, found empirical arguments supporting our view on the sector
  - Presented research and updates for portfolio companies on daily briefings, produced research presentations and one-pagers covering portfolio companies for front-office team
- 2020 FINTUITY, London**  
UK fintech startup, digital financial advice marketplace  
**Intern (3 months)**
- Created a pitch deck for upcoming fund raising and 2020 Smart Grants competition
  - Managed a team of 3 to perform competitor analysis and write an analytical article for the PR campaign
  - Analyzed potential proposition for a Russian bank to set up a fund for non-core assets in Luxembourg; Prepared slides, researched jurisdiction, and proposed a business case
- 2019 EY, Moscow**  
**Advisory and CBS departments, Intern (2 months)**
- Researched potential of Russian market for implementation of Digital Identity solutions, presented a comprehensive report regarding regulatory obstacles and prospective market depth to director
  - Created a database to systematize client-related information, reduced search time 2-fold
-
